

Which group swim lesson class is right for your child?

This chart outlines the critical prerequisite skills that determine class placement. Follow the chart to identify the class that best suits your child's enrollment level.

IMPORTANT NOTES

- *Parent/Tot requires adult participation in the pool.
- *Repetition of skills and levels is an important part of the learning process.
- *Parents are encouraged to estimate their child's ability level as accurately as possible to ensure a positive experience for all swimmers.
- *If on the first day of class it is determined that your child is best suited for a different class level, we will do our best to accommodate your child and make the transfer.

Levels 5/6 and 7/8 are combined levels. Please refer to the class description to assess if your child is ready for either of these levels. Note: some children may want to participate in BOTH 5/6 or 7/8 and Flyers pre-team. Coach evaluation recommended. Level 7/8 is for swimmers who intend to join a swim team, as breaststroke/butterfly are emphasized in this level.
